The Voice of Forgiveness

What is shocking today is those who have been forgiven by God often find it difficult to forgive one another. Blessed are the pure in heart for they shall see God. Is that you? The word pure is the same rendering of the word cathartic or catheter to drain out impurities. Drain out your impurities from you. It keeps them from collecting. Impurities come, like offenses, but they don't stay because there is a system where it pushes out that which you don't need.

If you take the natural body, our bodies have a way of releasing that which is not necessary and if we are unable to because of a dysfunction your entire system gets affected. Now take the natural and apply it to the spiritual. What is clogged up in your heart that comes out in your speech?

Jesus is talking of forgiveness why did they say increase my faith? What does faith have to do with forgiveness? Increase my faith to believe that no weapon formed against me shall prosper. If you believe that then offenses will not work. It means I may be delayed but am not denied.
