Death where is your sting?

First thing the resurrection did was it proved his identity, proved he was who he claimed to be. When we go through tragedy we need to go through what he did himself. His death burial and resurrection happened over three days. Friday was the day of pain and suffering and agony, Saturday was day of loss and misery, Sunday was the day of victory and celebration. In our lives, we will go through all three of these days over and over again.

1.The day of pain, he experienced pain at the ultimate level, he was beaten whipped, wounded, slapped. Jesus survived his darkest days with friends and God's help.

2. Reach out to God. We do it by praying. Jesus prayed before the worst part of his life. He fell to the ground and prayed that if possible the hour might pass from him.
